

# PayFx- Exotic Currencies Guide

Country & Currency specifics

**Payments & Cash Management**

Prague, March 2026

# Currency Guide – Overview

- With this currency guide we would like to provide you with the detailed requirements including any additional banking information that are necessary for the payments initiated in special foreign currencies.
- All information about requirements and regulations is prepared to our best knowledge and is subject to change at any given point in time.
- You can contact your Cash Management (CM) Specialist for the latest version of this document or make sure you download it from our BusinessNet application (section for Standard Foreign Payment)
- These type of transactions can be send **only from accounts in CZK** (Czech Republic) or **EUR currency** (Czech Republic and Slovakia)
- For **all transactions** (international payments) there are standard requirements that are necessary:
  - Beneficiary bank SWIFT/BIC CODE
  - Beneficiary Account Number
  - Beneficiary Account Name and Address
  - In-depth purpose of payments

# Currency Guide – Requirements

- This Currency Guide further details all the standard and special requirements to be used for the credit transfers when initiating payments in these exotic currencies.
- If these requirements are not met and our clearing and settlement “Partner” does not have complete and correct delivery instructions, the transaction cannot be processed further cannot be sent to the Beneficiary.
- For some special currencies please also check the requirement lists below, whether the Beneficiary Bank of your counterparty is supported.
- Transactions in these exotic currencies will be settled with the Beneficiary **D+2**. (there are some exceptions where settlement will take longer time). Therefore urgency or same day value date for these transactions is not allowed.
- Only **SHA charging principle** will be accepted for these transactions (BEN and OUR are restricted).
- Payments are accepted only towards Beneficiaries located in the country issuing the foreign currency (e.g. BRL will be accepted only for Beneficiaries with accounts open in a Brazilian bank).
- The estimated FX rate applicable for these transactions is **displayed in BusinessNet** (before signing process). The rate is permanently updated and cannot be negotiated.
- Without **correct and complete payment details** and instructions, our Partner will need to **reverse transaction** back to the Bank. This reversal may be executed at a different exchange rate (based on market conditions), potentially resulting in a lower credited amount than originally debited. Additionally, it may lead to extra tax charges due to the reversal.
- The example given for each of the particular currency, where additional requirements are applied, provides just an illustration of how to fill in the requested information in the internet banking (BusinessNet). It is the clients’ responsibility to ensure that all necessary payment information is complete and accurate.

# Currency Guide – List of currencies\*

# Introduction of exotic currencies

## Currency Summary – Annex 1

### BRL – Brazilian Real 1/3

#### Format & Details

- Payments to broker dealers or football / soccer teams are not supported.
- Payments to beneficiaries will incur a 0.38% IOF Tax(that our service provider will settle on behalf of the beneficiary to the relevant tax authority) in line with onshore regulations for FX transactions.
- Payments equal to or less than USD 10,000.00 (equivalent) or a maximum of USD 30,000.00 (equivalent) in total, per year, per tax ID can be processed via direct credit mechanism and beneficiary will be exempt from the Cadastro setup process. Exception to this rule are NGOs, law offices, exporters, tourism offices, loan and capital injection payments which will always require the beneficiary to complete the Cadastro setup, irrespective of the transaction amount.

- Payments to beneficiaries, who hold an account with the following banks are NOT supported:

1. Ourinvest Bank
2. Maxima Bank
3. Travelex
4. Topazio Bank
5. Confidence Bank
6. BEX Bank

- Payment Process:

There is a one-time pre-trade setup required for every new beneficiary. After the pre-trade setup has been completed, the beneficiary will be required to provide the supporting documentation (e.g., invoice, agreement, etc.) for each subsequent payment. This is a standard onshore requirement. All necessary support will be provided ensuring successful beneficiary setups both via our local team as well as our remote teams.

# Introduction of exotic currencies

## Currency Summary – Annex 1

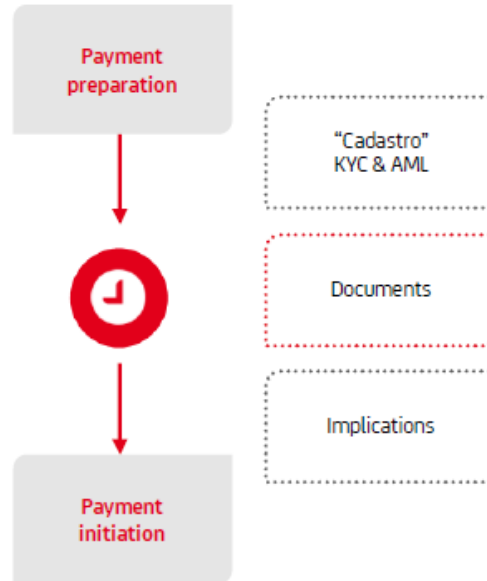

### BRL – Brazilian Real 2/3

- Pre-Trade setup process:

- Applicable for every first transaction in BRL to a beneficiary.
- Process facilitated by beneficiary name, phone and email in payment instruction.
- Credit to account only after “cadastro” is complete.
- 6 weeks grace period to complete “cadastro” before funds are returned.
- Submit “cadastro” information before accepting the payment in first transactions.

- Beneficiary is required to submit additional documentation.
- “Cadastro” documents are mandatory.
- Supporting transaction documents are useful.
- Await response that documentation is successfully completed.

- Less risk to overpromise.
- No reconversion risk past grace period.
- Liquidity resides on our client’s account until initiation
- Less risk of funds “bouncing across the ocean”.
- Consistent client expectations.

#### Note

##### Payments to the following banks are not supported:

- Ourinvest Bank
- Topazio Bank
- Maxima Bank
- Travelex
- Confidence Bank
- BEX Bank

## Currency Summary – Annex 1

### IDR – Indonesian Rupiah

● SKN info requirement:

- The structure of the SKN code is as follows:

Key	Description	Length	Possible Values
A	Sender Customer Type	1	1 = Individual 2 = Company/Corporation 3 = Government
B	Sender Resident Type	1	1 = Resident 2 = Non-resident
C	Beneficiary Bank City Code	1	This is currently not an obligatory requirement. However, the lack of code must be signified with the digit "0"
D	Beneficiary Customer Type	1	1 = Individual 2 = Company/Corporation 3 = Government
E	Beneficiary Resident Type	1	1 = Resident 2 = Non-resident

- The new mandatory data will need to be reflected in SWIFT Field 72 in the following format: SKNINFO/A/B/C/D/E where:
  - SKNINFO = Keyword (this is used to help systems automatically pick up the required code)
  - A = Sender type
  - B = Sender residency
  - C = 0
  - D = Beneficiary type
  - E = Beneficiary residence
- Exemplary SKNINFO code structure for payment by a corporate to individuals who are both residents and based in Jakarta: SKNINFO/2/1/0/1/1.
- Please note that Beneficiary Customer Type 3 (Government) is only applicable if the beneficiary is Indonesia Government Institution who maintain an account in the central bank (INDOIDJA). This is applicable to both sections A and D.

## Currency Summary – Annex 1

### INR – Indian Rupee 1/2

#### ● Formats & details:

- 11-character IFSC code, beneficiary bank name and beneficiary bank address are required.
- 5-character POP code, beginning with P followed by 4 digits, formatted as: PXXXX (Mandatory Field 70, between Line 1-3). List of applicable codes available from your Cash Management specialist upon request.
- Payments to non-resident beneficiaries are restricted and allowed only for project-related work. Individual pre-approval by central bank on case-by-case basis is necessary. Full supporting documentation (to prove the project-related revenue / expense) needs to be provided by the beneficiary for approval by the Central Bank.
- Individual transactions INR 500 million and above (where the remitter is a non individual), require a Legal Entity Identifier (LEI) number (Field 70). This is a 20-character code utilized in order to uniquely identify parties to financial transactions. Remitters can obtain their LEI number from their respective Local Operating Units who are accredited by the Global Legal Entity Identifier Foundation. The prefix SL should be utilized in order to readily identify the remitter's LEI number. The remitter will need to provide the LEI for all subsequent payments, regardless of INR amount.
- Individual transactions INR 500 million and above (where the beneficiary is a non individual), require a Legal Entity Identifier (LEI) number (Field 70). This is a 20-character code utilized in order to uniquely identify parties to financial transactions. Beneficiaries can obtain their LEI number from their Local Entity Identifier India Ltd (LEIL). The prefix BL should be utilized in order to readily identify the beneficiary's number. The beneficiary will need to provide the LEI for all subsequent payments, regardless of INR amount.
- Remittances from abroad in favor of charitable trusts or foundations\* also require additional documentation. Beneficiaries must have a copy of the registration under the Foreign Contribution Regulation Act (FCRA) from the Ministry of Home Affairs Government of India This should be held with the beneficiary bank. The payment can only be settled if the beneficiary's account is held at State Bank of India (SBI), New Delhi main branch.

#### Note:

\*Donations to NGOs should hold the valid (renewal durations apply) FCRA (Foreign Contribution Regulation Act) registration number; list of FCRA registered associations: [https://fcraonline.nic.in/fc8\\_statewise.aspx](https://fcraonline.nic.in/fc8_statewise.aspx)

# Currency Summary – Annex 1

## KRW – South Korean Won 1/2

### ● Formats & details:

- Salary payments can be supported where the beneficiary holds a resident account and is not receiving funds as an “Operating expense”. If the beneficiary bank perceives that the transfer is one that must be repaid at a later date, the payment will be rejected as USD must be received by the beneficiary bank in such circumstances
- Payments to non-resident free – won accounts are NOT supported.
- This is a zero decimal currency and therefore does not have cents.
- Beneficiary local telephone number is required for all payments over KRW 20,000,000 (Mandatory Field 70 or 72), beneficiary email address is also recommended. If the same beneficiary receives more than one payment within the same working day, adding up to a total of more than KRW 20,000,000, the beneficiary will need to be contacted by the correspondent bank.
- In depth, detailed purpose of payment is required.
- Payments to non-resident free-won accounts are not supported.
- The government – issued national ID for individuals and the residence permit number for foreign national residents is no longer mandatory. However, it may be requested by the onshore bank on an ad-hoc basis.
- Payments to corporations / companies no longer require a business registration number (TaxID) – 10 digits (Field 70). However, it may be requested by the onshore bank on an ad-hoc basis.

## Currency Summary – Annex 1

### KZT – Kazakhstani Tenge

- 12-digit fiscal code – BIN (Business Identification Number) or IIN (Individual Identification Number) –must be included. It is recommended in the second line of field 70. The prefix BIN or IIN should be utilized, and the code should directly follow with a space included e.g., IIN / BIN 123456789112.
- EKNP Code is mandatory in Field 70 – it is recommended that this code should be in line 3 of field 70 and formatted with the prefix EKNP. This code should directly follow with a space formatted as KOD (2-digit Remitter Code), KBE (2-digit Beneficiary Code), KZT (Currency Code) and finally the KNP (3-digit Purpose of Payment Code) e.g., EKNP 1122KZT333.
- Budget Classification Code (6 digits) is required for tax payments to the local tax authorities only. This is known as KBK code. Cash Management specialist does not maintain a list of these codes as they are provided directly to the payer and will correspond to a specific account at the local tax authorities. A unique code will be generated specific to each taxpayer, and the remitter should check the tax advise with their respective tax committee for their BCC code before initiating a payment (or they should contact the local tax authorities directly) (Field 70).

# Introduction of exotic currencies

## Currency Summary – Annex 1

### TWD– Taiwan Dollar

#### ● Formats & details:

#### Payment Process:

- TWD utilizes a slightly different settlement mechanism to the other currencies in terms of how we cover trades.
- We can only cover trades when we are in receipt of the payment instructions. We can then only purchase the funds for spot value. It is not just the matter of receiving the trade and making the transfer as would be the case for all other currencies, hence, realistically, the delivery of TWD will always be at minimum, T+3.
- On value date, our local correspondent will send the remittance advice to the beneficiary bank, who is also responsible for informing the beneficiary to fill in the required paperwork.
- There are two types of documents:
  - a) One for all transfers regardless of size and
  - b) One for transfers greater than TWD 500,000.00
- For example, if the transfer is for TWD 500,001.00, the beneficiary will be required to complete two forms.
- Please note that the beneficiary bank may not always inform the beneficiary of the inbound transfer- this varies from bank to bank. They will also not always do so on the given value date; sometimes only after the payment is noted as outstanding or sometimes, not at all.
- Therefore, from our experience, we recommend that the remitter informs their beneficiary of the incoming transfer and for which value date so that the beneficiary can proactively contact their bank to complete and submit the relevant paperwork (with the on us being on them). Upon completion, the beneficiary bank can forward the documents to our bank, there by releasing the funds. Unfortunately, we cannot control any delays in this process that occur between the beneficiary bank and the beneficiary.

## Currency Summary – Annex 1

### UAH – Ukrainian Hryvnia

#### ● Formats & details:

- **Operation code** – must be in format: /REC/XXXX.YYY.ZZZ
  - **XXXX** represents 4-character Operation Code (also known as the purpose of payment code) – (list of applicable codes are available upon request). It must have a prefix /REC/.
  - **YYY** is 3-digit Remitter Country Code (list of applicable codes are available upon request)
  - **ZZZ** is 3-digit Country Code of beneficiary. E.g. 804 if beneficiary is Ukraine residents.  
In case of non-residents country code of the Head Quarter of the beneficiary needs to be provided.
- Due to onshore restrictions:
  - **WE CANNOT** facilitate any humanitarian aid related payments, **except for UAH payments initiated by UN Organizations** (UNICEF, UNDP, WFP, FAO, ILO, IOM, WHO, UNHCR, UNESCO, UNIDO, UNOPS, IDLO) in favor of UN Organizations in Ukraine (When the beneficiary is a non-resident, and the purpose of payment is based on funding for operational purposes **the transaction code 8424 needs to be mandatorily mentioned** (Field 70 , Line 1).
  - **WE CANNOT** facilitate payments for the purposes of **payroll, insurance, pension or rent.**
  - **WE CANNOT** support export proceeds in UAH, as per National Bank of Ukraine's regulation export proceeds in Ukraine must be received in **foreign currency.**
  - **WE CAN** support UAH payments initiated by UN Organizations (UNICEF, UNDP, WFP, FAO, ILO, IOM, WHO, UNHCR, UNESCO, UNIDO, UNOPS, IDLO) in favor of UA residents.
  - **WE CAN** support payments initiated by **international NGO when the ordering party is a non-resident of Ukraine**
  - **WE CANNOT** support payments made to individual beneficiaries **unless the payment is related to entrepreneurial activities** (i.e., the account is opened in the name of a legal entity or an individual entrepreneur).
    - a) Account numbers for individual entrepreneurs contain 2600, for example: UA123456780000026009876543210
    - b) Account numbers for individuals that are not entrepreneurs contain 2620, for example: UA987654320000026201234567890
  - **WE CAN** support payments **for commercial purposes.** This constitutes settlements between residents and non-residents for goods, products, services, works, intellectual property rights and other non-property rights intended for sale / delivery against payment. Payment details should contain the number and date of the agreement/contract/invoice (this should correlate with the transaction dates in question) as well as the Operation Code (Field 72) and a Detailed purpose of payment description (Field 70).
