Summary and conclusions of the Analysis

The Bank does not have a direct access to the foreign markets where the investment instruments, that were subject of clients' orders, are traded. The Bank therefore proceeds the orders to a third party authorized to perform investment services, namely to a member of the UniCredit banking group, the German bank UniCredit Bank AG and in the case of foreign markets in Poland and the Czech Republic, to a company from outside the UniCredit banking group - Patria Finance, a.s., which enter foreign markets and are obliged to have its own policy of executing orders. The Bank proceeds the orders at the domestic market - Bratislava Stock Exchange - through a third party authorized to perform investment services, namely company from outside the UniCredit banking group - Patria Finance, a.s. The Bank is also a participant of the Slovak Central Securities Depository. Orders relating to the units of collective investment funds are proceeded directly to the issuer of the units or to its distributor - the investment firm or intermediary, respectively to registrar and transfer agent. The identification of the execution venue where the order was executed has been mentioned on a confirmation in the form of a corresponding abbreviation.

The Bank states that it has taken into account all the criteria and requirements under Article 64 of Commission Delegated Regulation (EU) 2017/565 of 25 April 2016 supplementing MiFID II as regards organizational requirements and operating conditions (hereinafter referred to as "Delegated Regulation"), in order to determine the relative importance of the factors referred to in § 73o of the Securities Act.

The Bank has considered the following criteria:

- (a) the characteristics of the client, including his categorization,
- (b) the characteristics of the client order, where the Bank does not execute the orders of securities financing transaction,
- (c) the characteristics of the financial instruments that are subject of that order,
- (d) the characteristics of the execution venues to which that order can be directed.

The Bank further states that, when executing orders or taking decision to deal in OTC products including bespoke products, it acted in accordance with Article 64 (4) of Delegated Regulation, so it checked the fairness of the price proposed to the client, by gathering market data used in the estimation of the price of such product and, where possible, by comparing with similar or comparable products.
